THE COMPANY

WHO IS N96 ARMS?

N96 Arms was founded by Bryan Wilson, who has spent his career working in all levels of business, founding and building companies and brands from the ground up. He was the original founder of GForce Arms in 2020. After bringing in other business partners, he set out in 2024 to build something of his own again, founding North 96 Outdoors with a clear goal: quality guns at a price working shooters can actually afford. N96 Arms is the firearms brand of North 96 Outdoors.

OUR MISSION

Our mission is to offer our customers **HIGH-QUALITY** firearms, backed by a limited **LIFETIME WARRANTY**, offered at a **COMPETITIVE PRICE**, and supported by **EXCEPTIONAL** service after the sale.

We are **RESOLUTE** in this mission.

At N96 Arms, our commitment is simple and unwavering: to deliver high-quality firearms, backed by a limited lifetime warranty, offered at a fair price, and supported by exceptional customer service. We are **RESOLUTE** in this mission and commitment to our distributors, dealers and customers. That's the difference you get by choosing N96 Arms.

In the following pages, you will find our line of handguns, shotguns, rifles and even combination long guns.

Now that you know who WE are, we look forward to working with YOU!

DEALERS

DOUBLE-STACK 2011 HANDGUN

FEATURES

Style	Double-Stack 2011
Caliber	9mm Luger
Capacity	17 (9mm Luger)
Barrel Length	~4.76"
Overall Length	~8.70"
Weight	~41 oz
Height	~8.70"
Width	~1.26"
Operating System	Semi-automatic
Material	Steel Frame & Slide
Sights	3-Dot, RMsC footprint
Trigger	Straight Trigger
Safety	Grip Type and Thumb Safety
Manufacturer	Balikli Arms

OVERVIEW

The BSS2611 pairs a full steel frame and slide with a double-stack 2011 platform, giving shooters lifelong durability and a substantial 17-round capacity in 9×19. Its straight trigger keeps finger contact consistent through every pull for tighter, more controlled groups, while grip-style and thumb safeties add a second layer of protection. A balanced, ergonomic grip and matte black finish round out a pistol built for both competition and duty use.

OVERVIEW

The FX-9 RS delivers exceptional quality at an outstanding value — around \$100 less than comparable pistols from Canik and SAR. Like its sister gun, the FX-9 RP, the RS model shares the same high level of quality and performance, with the addition of a threaded barrel for adding a suppressor. Compatible with CZ 75 magazines and Glock-pattern sights, it allows for easy upgrades and customization. Interchangeable backstraps let shooters tailor the grip to fit different hand sizes.

WARRANTY

LIMITED LIFETIME COVERAGE & AMMUNITION GUIDANCE

LIMITED LIFETIME WARRANTY

N96 Arms offers a limited lifetime warranty to the original owner, covering the proper function and operation of the firearm for original materials and workmanship. This warranty does not cover normal wear and tear, or damage from abuse, misuse, modification, or use for any illegal purpose or purpose other than hunting, competition, or sports, as determined by N96 Arms.

AMMUNITION & BREAK-IN NOTES

BREAK-IN PERIOD

SM12 · SN12

New firearms typically require a break in period; we HIGHLY recommend shells rated min 1300 FPS and 1 1/8 oz for the first 100–150 rounds.

CHOKE USE

All N96 shotguns

Because shotguns take many different types of shells, shot size, slugs, etc, we STRONGLY recommend you understand the proper use of chokes with different shot.

SLUGS

N96M2 · Unique SP · HUNT SP · N96SPTAC · SX12 · PTRM1B · COMBO

IMPORTANT: We ONLY recommend shooting slugs using a CYL or IMP CYL choke.

VERIFY FIRST

COMBO

Call your ammunition manufacturer and ask if that specific slug load is rated safe to fire through a choke tighter than IMP CYL. Do this before every first use of a new slug load, not just once per gun.

WARRANTY SERVICE

To start a warranty claim, contact N96 Arms with your firearm's serial number and proof of purchase.

PHONE

(208) 744-6400
